

What is the Broadway Series?

The Broadway Series is a collection of fixed frame projection screens that offer a sturdy extruded aluminum 6-piece frame with a 2 3/8" bezel, wrapped in light-absorbing black velvet. It is an excellent solution for any venue needing a quality, high-performance projection screen.

Experience Broadway

The Broadway Series is one of Severtson's quality series of fixed frame projection screens. Each beautifully designed screen is a masterpiece perfect for any home theater, office, or other venue. The durable, 6-piece aluminum frame offers an elegant border to the screen, for a clean, sharp appearance.

This makes it a great addition to any home theater, sports bar, conference room, or just about any other venue.

Affordable Quality

The Broadway Series fixed frame offers an affordable projection screen, and the same excellent quality that has come to be expected from a Severtson screen. Broadway is available with white and grey projection materials, making it ideal for a variety of lighting situations.

The Broadway Series is a great addition to any home theater or venue. Its appearance does not distract from the projected content, but instead quietly enhances the viewing experience with its perfectly tensioned viewing surface and precision-aligned black velvet frame.

Features

- Velvet-wrapped 6-piece frame
- White or grey black-backed materials
- Easy assembly with Severtson's Rod Tensioning System (RTS)

Material Choices

The Broadway Series features your choice of the following materials.

Broadway White - 1.1 gain

A smooth vinyl, with a white front and black back. The screen surface provides an exceptionally wide 120° viewing angle.

It is a great choice for situations with well controlled ambient light, and where an exceptionally wide viewing angle is required.

Broadway Grey - 1.0 gain

Smooth grey vinyl with a black back. This screen surface provides a higher contrast, for situations where there is more ambient light, and a wide viewing angle is desired.

Who We Are

Severtson Screens is a global leader in innovative and quality projection screens for the cinema, commercial, pro AV, and home theater markets.
